

VOICE AI

LittleGiant.ai

ENGAGE **EVERY CUSTOMER, EVERY TIME**

LittleGiant Voice AI ensures you're always connected with your customers—no matter the time of day

WHY CHOOSE VOICE AI?

In the fast-paced world of home services, missing calls means missing out on potential business. Customers expect immediate responses, and without a solution, missed calls or slow responses lead them straight to your competitors. That's where LittleGiant Voice AI comes in—giving your business the power to engage with every customer immediately, 24/7

DID YOU KNOW?

- **85%** of home service businesses miss up to **50%** of calls during peak hours or after hours
- **1 in 3 customers**** will move on to a competitor if they don't receive a timely response.

Key Features of LittleGiant Voice AI

LittleGiant Voice AI turns missed calls into captured opportunities

1

24/7 Call Answering

Always be available for customers, whether it's after hours or during busy workdays
Capture leads and maintain service continuity around the clock

Intelligent Call Handling and Routing

Automatically route inquiries to the right contact or department, whether it's for an appointment, support, or information. *Customers get accurate and fast answers, reducing drop-off and frustration*

2

3

Lead Qualification and Scheduling

Capture and qualify leads on the spot, instantly identifying serious customers and scheduling appointments seamlessly *Spend less time chasing cold leads, and more time with ready-to-buy customers*

Personalized Customer Engagement

Greet customers by name, address their needs, and provide consistent messaging that aligns with your brand. *A personalized touch without adding manual workload, helping build stronger customer relationships*

4

5

Multilingual Support

Reach a diverse audience by engaging with customers in multiple languages, ensuring inclusivity and accessibility
Extend your reach and engage with more customers in their preferred language

Actionable Insights and Analytics

Access reports on call volume, lead conversion rates, missed calls, and customer satisfaction.
Make data-driven decisions to improve your customer experience and operational efficiency

6

WHY CHOOSE VOICE AI?

Imagine never missing a call, losing a lead, or spending time on low-value tasks. With Voice AI, your business has a virtual assistant that's always on—capturing leads, handling routine inquiries, and ensuring your business is top of mind with customers who need immediate service.

- **Increase revenue by capturing every lead and booking more appointments.**
- **Free up time to focus on your core business, without worrying about lost calls or slow follow-up.**
- **Improve customer satisfaction with fast, personalized service, no matter when they reach out**

LittleGiant's Voice AI answers calls and books appointments while we're out on the job. Our customers love the instant responses, and we've noticed a big uptick in new bookings.
